Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position Angel Reach, Inc. as of December 31, 2016 and the changes in its net assets, related functional expenses and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS December 31, 2016

Note 1 – Nature of Activity

Angel Reach, Inc. (the Organization) is a 501(c)3 public charity non-profit corporation. The Organization was incorporated in May 2007 for the purpose of providing support services to foster children, their caregivers and to youth who have been emancipated from the state foster system. The Organization operates within Montgomery County, Texas.

The goal of Angel Reach is to help children and youth achieve their full potential in spite of the obstacles placed on them by broken families and a broken system. The Organization is governed by a Board of Directors and generates income and revenue through individual and corporate donations and grants.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented using the accrual basis of accounting, as it is required by generally accepted accounting principles. Revenues are recorded when earned, and expenses are recorded when incurred.

Financial Statement Presentation

The Organization presents its financial statements in accordance with the Accounting Standards Codification ("ASC") No. 958, Financial Statements of Not-for-Profit Organizations. Under ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

<u>Unrestricted</u> – Net assets that are not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

<u>Temporarily Restricted</u> – Net assets whose use is subject to donor-imposed restrictions that can be fulfilled by actions of the Organization pursuant to those restrictions or that expire by the passage of time. All donor-restricted support is reported as an increase in temporarily restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction lapses or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

NOTES TO THE FINANCIAL STATEMENTS, Continued December 31, 2016

<u>Permanently Restricted</u> – Net assets subject to donor-imposed restrictions that they be maintained permanently by the Organization. The Organization does not have any permanently restricted net assets as of December 31, 2016.

Budgetary Control

The Organization has established its fiscal year as the twelve-month period beginning January 1. The Organization's Executive Director and Board of Directors estimate expenditures for the ensuing fiscal year after which the Board of Directors Treasurer submits a budget of estimated expenditures and revenues to the entire Board for review and discussion. The budget is then authorized by a motion and majority vote of the Board. The Board is authorized to transfer budgeted amounts between line items; however, any revisions that alter the total expenditures of the budget must be approved by the Board. Budgeted amounts are as originally adopted or as amended by the Board.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions about future events that may affect the amounts of assets and liabilities reported, disclosures about contingent assets and liabilities, and reported amounts of revenues and expenses. Such estimates include the lives of fixed assets, fair values used to record in-kind contributions, the functional allocation of expenses, and contingencies. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Adjustments to such estimates and assumptions are made when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all cash on hand, demand bank deposits, and highly liquid investments available for current use with an initial maturity of three months or less to be defined as cash and cash equivalents.

Notes Receivable

The Organization assists their clients with vehicle purchasing by facilitating the transaction with the auto dealership. The Organization recognizes a receivable from each client for the amount paid to the dealership. The client repays the receivable in monthly installment payments, including principal and interest. The Organization provides an allowance for doubtful collections, which is based upon review of outstanding receivable and historical collection information.

NOTES TO THE FINANCIAL STATEMENTS, Continued December 31, 2016

Custodial Credit Risk

In the case of bank deposits, custodial credit risk is the risk that in the event of a bank failure, the Organization's bank deposits, whose balances exceed the insurance coverage guaranteed by the Federal Deposit Insurance Corporation (FDIC), which was \$250,000 for 2016, may not be returned to it. The Organization bank deposits amounted to \$159,212 at one banking institution, which is under the FDIC limits.

Contributions

The Organization accounts for contributions in accordance with recommendations of ASC 958. In accordance with ASC 958, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in temporarily restricted or permanently restricted net assets in the reporting period in which the support is recognized. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Donated Materials and Services

Donated materials and equipment are reflected as contributions in the accompanying statements at their estimated vales as of the date of receipt. Such donations are reported as unrestricted support unless the donor has restricted the donated assets to a specific purpose. The Organization recognizes donated services that create or enhance non-financial assets or that require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased, if not provided by donation.

The value of other donated services is not reflected in the accompanying financial statements, as there is no objective basis available to measure the value of such services. However, a substantial number of volunteers, including the Board of Directors, have donated significant amounts of their time in the Organization's efforts.

Fixed Assets and Depreciation

All asset purchases are recorded at cost when purchased. Donated assets are recorded at fair market value on the date acquired. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the asset's life are not capitalized. Provisions for depreciation on all fixed assets are determined over the estimated useful lives of the respective assets on a straight-line basis. Assets with a useful life over one year and a cost over \$1,000 are capitalized and depreciated.

NOTES TO THE FINANCIAL STATEMENTS, Continued December 31, 2016

Functional Expenses

As required by ASC 958, the Organization presents its expenses according to their functional classification on the statement of activities. Functional expenses presented include program services, which encompass expenses related to the fulfillment of the purpose, and mission for which the Organization exists, and supporting services and administration, which include all activities not considered program services.

General management activities are considered supporting services.

The statement of functional expenses, also required by ASC 958, presents the Organization's expenses in further detail, displaying expenses according to both functional classification and account.

Income Tax

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, the Organization is not required to pay income taxes.

Note 3 – Restricted Cash

For the year ended December 31, 2016, all of the Organization's deposits were cash held in bank demand deposit checking or savings accounts. The cash contributions that are donated to the Organization for a specific purpose are classified as restricted. As of December 31, 2016, the Organization had a total of \$49,613 in restricted cash. The balance of \$43,767 relates to contributions as of December 31, 2016 which will be used in the subsequent fiscal year on other specific programs, as directed by the donors. The remaining \$5,846 is held on behalf of clients as savings to be repaid upon request of the clients. This balance is offset with a payable to clients of \$5,846 on the December 31, 2016 balance sheet.

Note 4 - Deposits & Investments

For the year ending December 31, 2016, all of the Organization's deposits were cash held in bank demand deposit checking or savings accounts, which are subject to custodial credit risk. The Organization has no investments and as such is not exposed to interest rate risk or other investment-related risks.

Note 12 – New Accounting Pronouncements

In August of 2016 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-14 "Presentation of Financial Statements of Not-for-Profit Entities". This standard modifies the presentation of the different classes of net assets on the statement of financial position, reduces disclosure requirements in the statement of cash flows when using the direct method, and enhances disclosures covering management, operating results, and liquidity. The amendments in this update are effective for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2018. This update will impact the Organization's financial reporting presentation beginning in the fiscal year ending December 31, 2018.
